

SB-1098 Installation

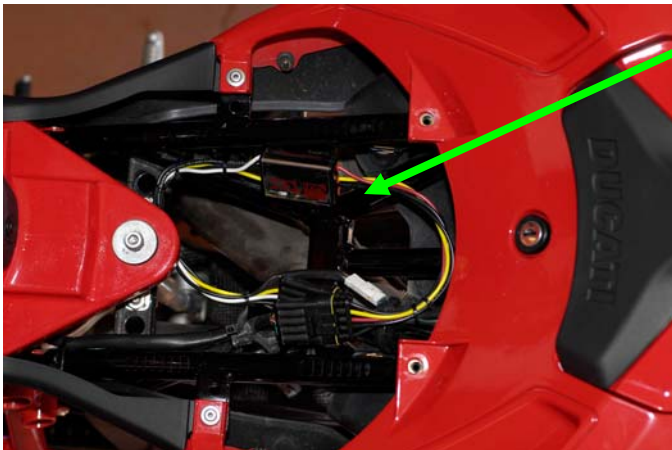

Before starting the installation please verify the operation of the turn signal indicators and brake lights.

STEP 1:

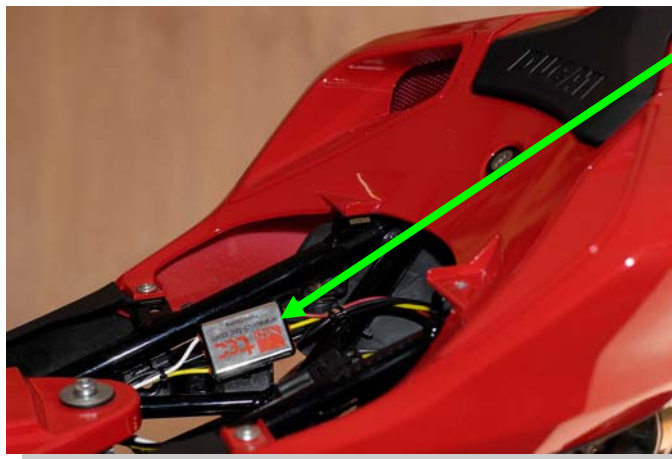

Per the owner's manual, remove the seat assembly to expose the 5-pin connector underneath.

Disconnect the 5-pin connector

STEP 2:

Attach the SB-1098 unit in series between the 5-pin connector from above.

STEP 3:

Secure the SB-1098 unit with supplied tie-wraps.

Test for functionality of the turn signals and brake lights. Reinstall seat. Done!
