

## SB-SportClassic Installation

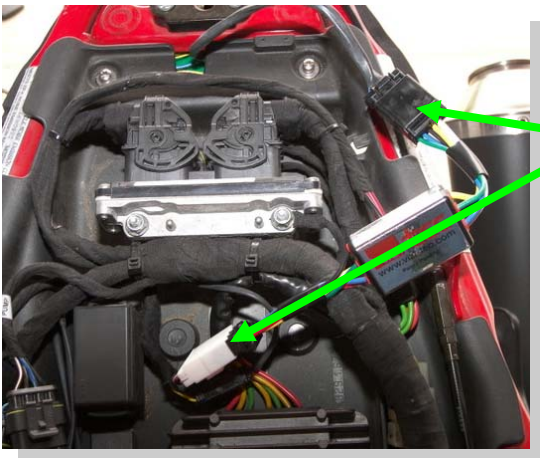

Before starting the installation please verify the operation of the brake lights.

### STEP 1:

Per the owner's manual, remove the rear seat compartment to expose the 3-pin connector inside. (Picture shown connector connected)

Disconnect this connector

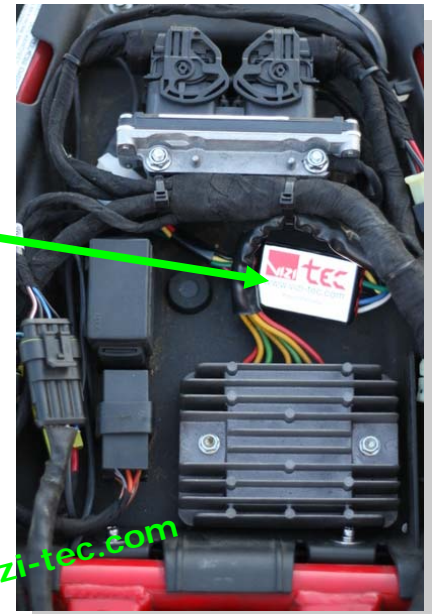

### STEP 2:

Plug the SB-SportClassic unit in series between the above connector.

Tuck the SB-SportClassic unit inside the seat compartment and secure with supplied tie-wraps. (Optional double sided tape can be used). Turn on the ignition and test brake lights for functionality. Re-install seat. Done!
